January 22, 2004

Hello,

Larry Griggs and Affordable Pc Data Systems took the time first to analyze my company's equipment and software needs. In a professional and systematic manner he proceeded to design, build, and install a twelve user system without any disruption of my daily operations!

The system works and has been trouble free. I receive weekly follow-ups from Mr. Griggs as to my satisfaction.

Should you have any questions or would like to visit my operation, feel free to call.

Danny Buda
