Re: Larry Griggs

This letter, or a copy hereof, will serve as my unqualified recommendation of Larry Griggs to anyone with a need for computer network installation or repair.

He has built and maintained my computers for over ten years. He is capable of solving any technical "glitch" no matter how long it takes. He regards a knotty technical problem as a personal affront and will not rest until he solves it.

His fees are reasonable and he will bend over backwards to be fair.

Very truly yours,

Mr. Larry Griggs

I just wanted to thank you for all your years of service with my company's computer systems. Your ability to set up our network operation was done in a professional manner and fair pricing; I would be more than happy to recommend you to any company who needs computer services. If in the future if you would need anyone to contact me, I would be more than happy to talk to them concerning all the services you did for us.

Sincerely

Subject: Letter of Recommendation for Mr. Larry Griggs

I had the pleasant opportunity to work closely with Larry for several years during my employment at two international speedways. I am pleased to say that Larry is a team player, a kind and sincere individual, and an ideal consultant for computer installation, repair and applications.

Larry always did more than his share of the work on the projects we hired him for. He was able to creatively solve all of our computer needs whenever I called on him. I was glad to work with him, since the higher-ups always praised the assignments we were able to complete. Larry was nice to everybody at the office, and just about everyone seemed to like him.

I highly recommend Larry for whatever computer projects he may decide to take up next.

Sincerely,

A handwritten signature in cursive script that reads "Tony Baranowski".

Hello,

Larry Griggs and Affordable Pc Data Systems took the time first to analyze my company's equipment and software needs. In a professional and systematic manner he proceeded to design, build, and install a twelve user system without any disruption of my daily operations!

The system works and has been trouble free. I receive weekly follow-ups from Mr. Griggs as to my satisfaction.

Should you have any questions or would like to visit my operation, feel free to call.
